

## **Dr.<sup>in</sup> Mag.<sup>a</sup> Verena M. Ehold**

Verena Ehold is **Managing Director** at Environment Agency Austria (Umweltbundesamt GmbH), an expert institution for the environment not only in Austria but also across Europe, dedicated to driving the transformation of economy and society to ensure sustainable living conditions. Leading this institute entails coordinating the work of 500 employees who are committed to this mission.

Verena has a Doctor of Law (J.D.) from University of Innsbruck, Austria and she is in the process of completing her MBA in Public Management from University of Salzburg. She completed a strategic leadership course commissioned by the Austrian Federal Government (National Defense Academy).

Prior to her employment at Environment Agency Austria, she was Head of Department V/8 Radiation Protection at the Federal Ministry for Climate Action, Environment, Energy, Mobility, Innovation & Technology in Austria, and has experience as an independent consultant for the European Commission.
